

Ground announcement script

Pre-recorded versions of this ground announcement are available on the kit CD. These feature sports personalities such as Trish Fallon, Tony Greig, Nathan Hindmarsh, Les Murray and Michael Whitney.

An important step in preventing sport rage at your club is promoting good sporting behaviour to members and spectators. Regular ground announcements on game day, that remind people to keep their emotions in check, is a good way of doing this.

If it's not possible for you to play the pre-recorded announcements on the kit CD, arrange for someone to read the script below over your PA system.

Script

G'day everyone, it's (INSERT NAME) here.

Hope you enjoy a fun day of sport on and off the field.

The players and the officials always appreciate your support cos everyone's here for a good time – to win if they can but mainly, we're here to have fun... not for copping abuse.

The players, the refs and the officials are all doing their best.

So relax and enjoy yourself.

Remember, dummy spits are for babies.

Sport rage? Act your age.
